gases

Call Zephyr **877.275.9374**

Zephyr is a trusted supplier of wholesale helium, propane, carbon dioxide, and nitrogen gas for large retail chains and high volume stores all over the world. To get a quote, call Zephyr or visit askzephyr.com/get-a-quote.

SKU	IMAGE	DESCRIPTION	QTY
HELIUM		**Helium Gas** Zephyr distributes 99.99% helium gas to major retail chains and high-volume stores all over the world. We are the only helium supplier with a distribution network that touches every city and small town throughout all 50 United States, so we can deliver helium to geographic areas that our competitors simply cannot reach. Learn more or get an online quote at askzephyr.com/wholesale-helium	*Discounted pricing available for bulk orders.*
PROPANE		**Propane Gas** Zephyr supplies 20-pound propane tanks for floor buffers and burnishers and 33-pound tanks for forklifts. We can fill 500- or 1,000-gallon propane tanks, right on-site. Zephyr can also provide new, key-lock cages to house your propane tanks on your property and ensure you are fully compliant with regulations. Learn more or get an online quote at askzephyr.com/wholesale-propane	*Discounted pricing available for bulk orders.*
NITROGEN		**Nitrogen Gas** Zephyr supplies 99.99% pure compressed nitrogen gas for the food and beverage industry, brewers and micro-brewers, as well as for fire prevention, suppression, and safety needs. Zephyr delivers nitrogen in 200- or 300-cubic-foot steel cylinders as standard, but can supply alternative size tanks as needed. Learn more or get an online quote at askzephyr.com/wholesale-nitrogen	*Discounted pricing available for bulk orders.*
CO2		**Carbon Dioxide Gas** Zephyr distributes carbon dioxide gas throughout North America, specializing in the food and beverage industry for controlled atmosphere storage and preservation, as well as drink carbonation. Zephyr delivers in 20- and 50-lb. compressed CO2 gas cylinders, but can accommodate for alternative size tanks as needed. Learn more or get an online quote at askzephyr.com/wholesale-carbon-dioxide	*Discounted pricing available for bulk orders.*

cylinders

Call Zephyr **877.275.9374**

Zephyr is able to ship cylinders in quantity by container load, filled and unfilled. Zephyr also offers reconditioned steel cylinders.

SKU	IMAGE	DESCRIPTION	QTY
AL-C27		**27 Cubic Foot (Small) Aluminum Helium Cylinder** 27-cubic-foot helium cylinder features a CGA 580 valve, carrying handle, and a clear-coat protective finish. The Small Aluminum Helium Cylinder will fill 60 18-in. foil balloons, 55 12-in. latex balloons, or 100 9-in. latex balloons, at 1800 PSI. Weight: 14 lbs. Cylinders ship empty, inflator sold separately. We can ship cylinders filled with helium if the minimum quantity is ordered.	*Discounted pricing for orders of 100 or more.*
AL-C55		**55 Cubic Foot (Medium) Aluminum Helium Cylinder** 55-cubic-foot helium cylinder features a CGA 580 valve, carrying handle, and a clear-coat protective finish. This Medium Aluminum Helium Cylinder will fill 125 18-in. foil balloons, 100 12-in. latex balloons, or 200 9-in. latex balloons, at 1800 PSI. Weight: 25 lbs. Cylinders ship empty, inflator sold separately. We can ship cylinders filled with helium if the minimum quantity is ordered.	*Discounted pricing for orders of 100 or more.*
AL-C125		**125 Cubic Foot (Large) Aluminum Helium Cylinder** 125-cubic-foot helium cylinder features a CGA 580 valve, carrying handle, and a clear-coat protective finish. This Large Aluminum Helium Cylinder will fill 280 18-in. foil balloons, 250 12-in. latex balloons, or 450 9-in. latex balloons, at 2215 PSI. Weight: 40 lbs. Cylinders ship empty, inflator sold separately. We can ship cylinders filled with helium if the minimum quantity is ordered.	*Discounted pricing for orders of 100 or more.*
S-C219		**219 Cubic Foot Steel Helium Cylinder** 219-cubic-foot helium cylinder includes a CGA 580 valve. This 2200 PSI steel helium cylinder fills 426 11-in. latex balloons or 484 18-in. foil balloons per tank. Cylinders ship empty, inflator sold separately. We can ship cylinders filled with helium if the minimum quantity is ordered. Picture shown is an example only.	*Discounted pricing for orders of 100 or more.*
S-C244		**244 Cubic Foot Steel Helium Cylinder** 244-cubic-foot helium cylinder includes a CGA 580 valve. This 2485 PSI steel helium cylinder fills 484 11-in. latex balloons or 550 18-in. foil balloons per tank. Cylinders ship empty, inflator sold separately. We can ship cylinders filled with helium if the minimum quantity is ordered. Picture shown is an example only.	*Discounted pricing for orders of 100 or more.*
S-C291		**291 Cubic Foot Steel Helium Cylinder** 291-cubic-foot beast of a helium cylinder includes a CGA 580 valve. This 2640 PSI steel helium cylinder fills 570 11-in. latex balloons or 648 18-in. foil balloons per tank. Cylinders ship empty, inflator sold separately. We can ship cylinders filled with helium if the minimum quantity is ordered. Picture shown is an example only.	*Discounted pricing for orders of 100 or more.*

cylinder transport & safety

Call Zephyr **877.275.9374**

Ensuring our customers meet and exceed all federal regulations during cylinder transport and storage, Zephyr supplies a complete line of cylinder safety equipment.

SKU	IMAGE	DESCRIPTION	QTY
WB-1		**Single Cylinder Wall Mount Bracket** This inexpensive, secure cylinder wall bracket is lightweight, small, and can be anchored in tight spaces at your preferred height. The heavy duty safety chain is far more reliable and secure than material straps, so you can rest assured that your space is safe. The cylinder wall bracket is perfect for safely and sleekly anchoring your helium cylinder. Federal regulations require that all compressed gas cylinders be safely secured. Picture shown is an example only.	*Discounted pricing for orders of 20 or more.*
WB-2		**Double Cylinder Wall Mount Bracket** Zephyr's Dual Cylinder Wall Bracket lets you safely mount two helium cylinders side-by-side on your wall. This inexpensive, secure wall bracket is lightweight, small, and can be anchored in tight spaces at whatever height on your wall that you prefer. The heavy duty safety chains on the Dual Cylinder Wall Bracket are more reliable and secure than material straps, so you can rest assured that your space is safe. Federal regulations require that all compressed gas cylinders be safely secured. Picture shown is an example only.	*Discounted pricing for orders of 20 or more.*
CS-1		**Single Cylinder Safety Stand** This cylinder safety stand can accommodate any cylinders from 7 to 9.5 inches in diameter. The cylinder placement band adjusts easily to snugly secure your cylinder without marring or damaging the cylinder itself. The 14-pound metal base on the cylinder safety stand lets you roll your cylinder on and off with ease, which means no more lifting! Furthermore, the Adjustable Cylinder Safety Stand protects floors from dirty or rusty cylinder bottoms. Picture shown is an example only.	*Discounted pricing for orders of 12 or more.*
HT1-2		**2-Wheel Cylinder Hand Truck** Zephyr's single cylinder 2 Wheel Hand Truck weighs just 23 pounds but has a transport rating of up to 500 pounds. The 2 Wheel Hand Truck features a safety chain that secures your cylinder more safely than material straps. Picture shown is an example only.	*Discounted pricing for orders of 12 or more.*
HT1-4		**4-Wheel Cylinder Hand Truck** Zephyr's 4 Wheel Hand Truck is a single cylinder, aluminum hand truck that features rear wheels for easier portability and more stable upright storage. The lightweight aluminum frame makes the 4 Wheel Hand Truck a breeze to pick up and transport while being strong enough to move tanks weighing as much as 500 pounds. The built-in, heavy duty safety chain secures your cylinder more reliably than material straps. Picture shown is an example only.	*Discounted pricing for orders of 12 or more.*

helium inflators & regulators

Call Zephyr **877.275.9374**

All Zephyr helium inflators are crafted from solid brass bar stock and are supplied with super seal O-rings. Made in the U.S.A., inflators are dual-tested for quality and come with a 2-year manufacturer's warranty against defects. Due to continuous design evolutions, the actual item may appear slightly different in appearance but will always correlate with title and description.

SKU	IMAGE	DESCRIPTION	QTY
EC1		**Economy Standard Tilt Valve Latex Inflator** Zephyr's Economy Standard Tilt Valve Latex Inflator is a horizontal, one-piece inflator with integral cylinder connection threads. The Tilt Valve Latex Inflator is also available with a built-in pressure gauge.	*Discounted pricing for orders of 24 or more.*
EC1-G		**Economy Standard Tilt Valve Latex Gauge Inflator** Zephyr's Economy Standard Tilt Valve Latex Gauge Inflator is a horizontal, one-piece inflator with integral cylinder connection threads and a pressure gauge that lets you know when it's time to refill your tank.	*Discounted pricing for orders of 24 or more.*
BRVG-H		**Deluxe Vertical Latex Balloon Inflator with Gauge** Zephyr's Deluxe Latex Balloon Inflator features an easy-read pressure gauge that lets you know when it's time to refill your tank. The vertical design protects the tilt valve from damage and the hand-tight connection is simple to use and secure.	*Discounted pricing for orders of 24 or more.*
BRDUAL-V		**Dual Balloon Inflator with Gauge** The design of the Dual Balloon Inflator features our downward-angled push valve, which lets you inflate foil balloons fast, with just one hand. The auto shut-off automatically stops the inflation of your foil balloon once it is at capacity. A built-in pressure gauge lets you monitor the helium left in your cylinder. PLUS- the Dual Balloon Inflator inflator includes a tilt valve that lets you inflate latex balloons as well!	*Discounted pricing for orders of 24 or more.*
BRDUAL		**Dual Balloon Inflator with Gauge** Zephyr's Dual Balloon Inflator with auto shut-off and gauge inflates BOTH latex and foil balloons. Use the tilt valve for inflating latex balloons and for foil balloons, simply slide the balloon over the push valve on the foil balloon attachment, and the Dual Balloon Inflator shuts off automatically as soon as the balloon is at capacity.	*Discounted pricing for orders of 24 or more.*

helium inflators & regulators

Call Zephyr **877.275.9374**

All Zephyr helium inflators are crafted from solid brass bar stock and are supplied with super seal O-rings. Made in the U.S.A., inflators are dual-tested for quality and come with a 2-year manufacturer's warranty against defects. Due to continuous design evolutions, the actual item may appear slightly different in appearance but will always correlate with title and description.

SKU	IMAGE	DESCRIPTION	QTY
BRFO		**Foil Balloon Inflator with Gauge** Zephyr's Foil Balloon Inflator is a balloon-filling factory! This deluxe inflator features a hand-tight connection, auto shut-off, and a convenient pressure gauge that lets you know exactly how much helium is left in the tank. This inflator is for use with foil balloons only.	*Discounted pricing for orders of 24 or more.*
BR6040L		**60/40 Latex Balloon Inflator** This brass, push-down valve 60/40 Latex Balloon Inflator features our air mixer, which pulls in regular air and mixes it with helium to extend the amount of balloons that can be filled from a single cylinder. The 60/40 Latex Balloon Inflator is perfect for give-away balloons at events because it saves 40% of your helium costs! To fill your balloon with 100% helium, just cover the air intake hole with your finger or a piece of tape! This inflator is ideal for balloons that are 11 inches or larger.	*Discounted pricing for orders of 24 or more.*
BRDUAL6040		**60/40 Dual Balloon Inflator** Beyond having the ability to perfectly and safely fill foil balloons using the auto shut-off feature, Zephyr's 60/40 Dual Balloon Inflator includes our 60/40 brass push down valve that mixes air with helium, significantly extending the amount of latex balloons that can be filled from a single cylinder and saving 40% of your helium costs! By simply covering the air intake hole with your finger or a piece of tape, you can instead fill with 100% helium! The 60/40 Dual Balloon Inflator is ideal for balloons that are 11 inches or larger.	*Discounted pricing for orders of 24 or more.*
BR-EXTEND		**Dual Inflator with Hose Extension** Zephyr's latex and foil dual inflator with 12-ft. extension hose includes a built-in hanging hook for the foil inflator. This dual inflator features our hand tight connection and easy-read gauge.	*Discounted pricing for orders of 24 or more.*
TEST-GA		**Helium Cylinder Test Gauge** Zephyr's Helium Cylinder Test Gauge with hand tight connector lets you know exactly how much helium is left in your tanks.	*Discounted pricing for orders of 24 or more.*

helium transfilling & inflator replacement parts

Call Zephyr **877.275.9374**

All Zephyr helium inflators are crafted from solid brass bar stock and are supplied with super seal O-rings. Made in the U.S.A., inflators are dual-tested for quality and come with a 2-year manufacturer's warranty against defects. Due to continuous design evolutions, the actual item may appear slightly different in appearance but will always correlate with title and description.

SKU	IMAGE	DESCRIPTION	QTY
TR1		**Single Helium Transfiller** Zephyr's Single Helium Transfiller allows you to transfill your helium from a large cylinder to a smaller tank when you need a more portable helium cylinder for things like off-site decorating or special events. The Helium Transfiller is designed with a 36-in. high pressure hose, 2 hand tight connections, 2 monitoring gauges, plus a safety relief valve.	*Discounted pricing for orders of 24 or more.*
TR3		**Triple Helium Transfiller** Zephyr's Triple Helium Transfiller allows you to transfill your helium to smaller tanks from three large cylinders at once. The Triple Helium Transfiller is designed with a 60-in. high pressure, braided stainless steel hose system, hand tight connections, 2 monitoring gauges, plus a safety relief valve.	*Discounted pricing for orders of 24 or more.*
AC211		**Replacement Tilt Valve** This replacement tilt valve is the same highest quality component that Zephyr uses on its helium inflator line.	*Discounted pricing for orders of 25 or more.*
AC410		**Replacement Ribbon Cutter** This replacement ribbon cutter is the same highest quality part that Zephyr uses on its helium inflator line.	*Discounted pricing for orders of 25 or more.*
AC416		**Replacement Tie Hook** Built from our solid brass bar stock, this replacement tie hook is the same highest quality part that Zephyr uses on its helium inflator line.	*Discounted pricing for orders of 25 or more.*

inflator replacement parts

Call Zephyr **877.275.9374**

All Zephyr helium inflators are crafted from solid brass bar stock and are supplied with super seal O-rings. Made in the U.S.A., inflators are dual-tested for quality and come with a 2-year manufacturer's warranty against defects. Due to continuous design evolutions, the actual item may appear slightly different in appearance but will always correlate with title and description.

SKU	IMAGE	DESCRIPTION	QTY
NP188		**Replacement Brass Nipple** Lost a brass nipple? These things happen! Zephyr keeps replacement brass nipples for your helium inflators in stock at all times.	*Discounted pricing for orders of 24 or more.*
N73		**Replacement Brass Nut** Zephyr keeps these replacement brass nuts for your helium inflators in stock at all times.	*Discounted pricing for orders of 24 or more.*
O-RING		**Replacement O-rings** These replacement O-rings are the same O-rings that come standard on all Zephyr inflators and regulators.	*Discounted pricing for orders of 25 or more.*

arch & column kits

Call Zephyr **877.275.9374**

Zephyr Solutions manufactures its own line of balloon décor products and accessories, led by the internationally best-selling balloon arch and column kits.

SKU	IMAGE	DESCRIPTION	QTY
AKIT2		**Foil Balloon Arch Kit** Zephyr's Foil Balloon Arch Kit is a do-it-yourself kit that comes with the electric inflator and hardware needed to create an 11-ft. x 9-ft. foil balloon arch! Includes: 2 bases, 2 extension poles, 1 black 20-ft. arch cord, 1 Foil-Flator, and 2 topper caps. Zephyr recommends 38 large Anagram MagicArch™ cluster balloons for a standard arch. Balloons are not included. Two columns can also be made with this kit. Picture shown is an example only.	*Discounted pricing for orders of 25 or more.*
CKIT2		**Foil Balloon Column Kit** Zephyr's Foil Balloon Column Kit is a do-it-yourself kit that includes an electric inflator and hardware needed to build two 6.5-ft. foil balloon columns. Includes: 2 bases, 2 extension poles, 1 Foil-Flator, and 2 balloon topper column caps. Zephyr recommends 20 large Anagram MagicArch™ cluster balloons for two jumbo columns. Balloons are not included. Picture shown is an example only.	*Discounted pricing for orders of 25 or more.*
ACKIT4		**Deluxe Foil Balloon Arch & Column Kit (includes inflator)** Zephyr's Deluxe Foil Balloon Arch and Column Kit is a do-it-yourself kit that comes with an electric inflator and the hardware needed to construct two 6.5-ft. foil balloon columns and one 11-ft. x 9-ft. foil balloon arch. Includes: 4 bases, 4 extension poles, 1 black 20-ft. arch cord, 1 Foil-Flator, and 2 topper caps. Zephyr recommends Anagram MagicArch™ cluster balloons. Balloons not included. Picture shown is an example only.	*Discounted pricing for orders of 25 or more.*
ACKIT4X		**Deluxe Foil Balloon Arch & Column Kit (no inflator)** Zephyr's Deluxe Foil Balloon Arch and Column Kit is a do-it-yourself kit that comes with all of the hardware needed to construct two 6.5-ft. foil balloon columns and one 11-ft. x 9-ft. foil balloon arch. Includes: 4 bases, 4 extension poles, 1 black 20-ft. arch cord, and 2 topper caps. Zephyr recommends Anagram MagicArch™ cluster balloons. Balloons and inflator are not included. Picture shown is an example only.	*Discounted pricing for orders of 25 or more.*
LAKIT2		**Latex Balloon Arch Kit** Zephyr's Latex Balloon Arch Kit is a do-it-yourself kit that comes with an electric inflator and the hardware needed to create an 11-ft. x 9-ft. latex balloon arch. Includes: 2 bases, 2 extension poles, 1 white 20-ft. arch cord, balloon rings, 1 ZIP high-speed inflator, and 2 topper caps. Zephyr recommends 128 11-inch latex balloons. Balloons not included. Two columns can also be made with this kit. Picture shown is example only.	*Discounted pricing for orders of 25 or more.*

arch & column kits, parts & accessories

Call Zephyr **877.275.9374**

Zephyr Solutions manufactures its own line of balloon décor products and accessories, led by the internationally best-selling balloon arch and column kits.

SKU	IMAGE	DESCRIPTION	QTY
LCKIT2		**Latex Balloon Column Kit** Zephyr's Latex Balloon Column Kit is a do-it-yourself kit that comes with an electric inflator and the hardware needed to create two 6.5-ft. latex balloon columns. Includes: 2 bases, 2 extension poles, balloon rings, 1 ZIP high-speed inflator, and 2 topper caps. Zephyr recommends 32 11-in. latex balloons plus 2 topper balloons. Balloons are not included. Picture shown is an example only.	*Discounted pricing for orders of 25 or more.*
LACKIT4		**Deluxe Latex Balloon Arch & Column Kit (includes inflator)** Zephyr's Deluxe Latex Balloon Arch and Column Kit is a do-it-yourself kit that comes with an electric inflator and the hardware needed to make two 6.5-ft. latex balloon columns and an 11-ft. x 9-ft. arch. Includes: 4 bases, 4 extension poles, 1 white 20-ft. arch cord, balloon rings, 1 ZIP high-speed inflator, and 2 topper caps. Zephyr recommends a total of 192 11-in. latex balloons and 2 topper balloons. Balloons are not included. Picture shown is an example only.	*Discounted pricing for orders of 25 or more.*
LACKIT4X		**Deluxe Latex Balloon Arch & Column Kit (no inflator)** Zephyr's Deluxe Latex Balloon Arch and Column Kit is a do-it-yourself kit that comes with the hardware needed to make two 6.5-ft. latex balloon columns and an 11-ft. x 9-ft. arch. Includes: 4 bases, 4 extension poles, 1 white 20-ft. arch cord, balloon rings, and 2 topper caps. Zephyr recommends a total of 192 11-in. latex balloons and 2 topper balloons. Balloons and inflator are not included. Picture shown is an example only.	*Discounted pricing for orders of 25 or more.*
B17		**Replacement Base for Arch & Column Kits** This 17-in. x 17-in. base is a replacement or additional base for Zephyr Balloon Arch & Column Kits. This lightweight base can be filled with sand, cat litter, or marbles. Filled, the base will weigh around 40 pounds. Picture shown is an example only. Due to continuous product and design improvements, the actual item may be subject to slight changes in appearance, but will always correlate with title and description.	*Discounted pricing for orders of 25 or more.*
B-IN		**Replacement Base Insert for Arch & Column Kits** Zephyr's Latex Balloon Arch Kit is a do-it-yourself kit that comes with an electric inflator and the hardware needed to create an 11-ft. x 9-ft. latex balloon arch. Includes: 2 bases, 2 extension poles, 1 white 20-ft. arch cord, balloon rings, 1 ZIP high-speed inflator, and 2 topper caps. Zephyr recommends 128 11-inch latex balloons. Balloons not included. Two columns can also be made with this kit. Picture shown is example only.	*Discounted pricing for orders of 25 or more.*

arch & column kits, parts & accessories

Call Zephyr **877.275.9374**

Zephyr Solutions manufactures its own line of balloon décor products and accessories, led by the internationally best-selling balloon arch and column kits.

SKU	IMAGE	DESCRIPTION	QTY
P60		**Extension Pole for Arch & Column Kits** This 2-piece extension pole is a replacement piece for Zephyr Balloon Arch & Column Kits and has an assembled length of 60 inches and features a fast and easy button locking mechanism. Connect three poles together for an extra tall column. Picture shown is an example only.	*Discounted pricing for orders of 25 or more.*
AC20B **AC20W**		**Arch Cord for Arch Kits** Replacement balloon arch cords for Zephyr's Balloon Arch & Column Kits assemble to 20 linear feet and are available in black (B) or white (W). These fiberglass sections string together easily with an internal elastic bungee cord and slip into metal connector tubes. The sections easily fold up to a length of 25.5 inches for convenient transport and storage. Picture shown is an example only.	*Discounted pricing for orders of 25 or more.*
B-RINGS20		**Balloon Rings for Arch & Column Kits** Zephyr's patented Balloon Rings for our Latex Arch & Column Kits are sold in bags of 20. Simply slip a knotted latex balloon into each slot on the balloon ring to form a perfect cluster. The balloon rings slip easily onto the arch cord and extension poles, creating perfect, fast arches and columns. For the layered or spiral effects, just rotate balloon colors on the rings. Picture shown is an example only.	*Discounted pricing for orders of 101 or more.*
BTCC		**Topper Caps for Column Kits** This easy-to-use cap will secure a foil or latex balloon to the top of the columns in the Zephyr Arch & Column and Column kits. These reusable topper caps are sold in pairs and will keep your topper balloons secure, which is especially important for outdoor displays in windy environments. No tape needed. Picture shown is an example only.	*Discounted pricing for orders of 25 or more.*
BCOVER-BK **BCOVER-YL** **BCOVER-RD** **BCOVER-BL** **BCOVER-PR** **BCOVER-GR** **BCOVER-WH**		**Base Covers for Arch & Column Kits** Zephyr's washable spandex covers fit our Balloon Arch & Column Kit bases. Base covers are available in BLACK (BCOVER-BK), GOLD (BCOVER-YL), RED (BCOVER-RD), BLUE (BCOVER-BL), PURPLE (BCOVER-PR), GREEN (BCOVER-GR), or WHITE (BCOVER-WH), which can be dyed to match your balloon color if you need a custom color! Zephyr Balloon Arch & Column Base Covers are sold in pairs. Picture shown is an example only.	*Discounted pricing for orders of 25 or more.*

air inflators

Call Zephyr **877.275.9374**

Zephyr designs and manufactures its own line of durable, fast, high-powered electric air inflators for latex and foil balloons.

SKU	IMAGE	DESCRIPTION	QTY
Z-TBB		**The Balloon Buddy** The Balloon Buddy is designed for speed and duration and can inflate latex balloons in seconds. It's the perfect inflator for a mom or dad to have in the closet for those special occasions. Small, compact body for super portability. Super-suction feet ensure stability on flat surfaces. Powerful electric motor requires no batteries or maintenance. Push down valve inflates latex balloons in seconds. Tip extension for small latex balloons.	*Discounted pricing for orders of 24 or more.*
Z-Z60		**Z-60 Twister Balloon Inflator** The Z60 Twister Balloon Pump is a portable, rechargeable latex balloon pump for twister balloons. It inflates 160-, 260-, and 360-style latex balloons in seconds, and the powerful battery will run for up to 4 hours. Included with the Z60 Twister Balloon Pump is a convenient, comfortable shoulder strap that can be adjusted and removed as needed.	*Discounted pricing for orders of 24 or more.*
INF-F		**Foil-Flator Foil Balloon Inflator** Zephyr's Deluxe Latex Balloon Arch and Column Kit is a do-it-yourself kit that comes with the hardware needed to make two 6.5-ft. latex balloon columns and an 11-ft. x 9-ft. arch. Includes: 4 bases, 4 extension poles, 1 white 20-ft. arch cord, balloon rings, and 2 topper caps. Zephyr recommends a total of 192 11-in. latex balloons and 2 topper balloons. Balloons and inflator are not included. Picture shown is an example only.	*Discounted pricing for orders of 24 or more.*
Z-ZOOM		**Zoom! Dual Inflator** This 17-in. x 17-in. base is a replacement or additional base for Zephyr Balloon Arch & Column Kits. This lightweight base can be filled with sand, cat litter, or marbles. Filled, the base will weigh around 40 pounds. Picture shown is an example only. Due to continuous product and design improvements, the actual item may be subject to slight changes in appearance, but will always correlate with title and description.	*Discounted pricing for orders of 24 or more.*
Z-ZIP		**Zip! Electric Inflator** Zephyr's Latex Balloon Arch Kit is a do-it-yourself kit that comes with an electric inflator and the hardware needed to create an 11-ft. x 9-ft. latex balloon arch. Includes: 2 bases, 2 extension poles, 1 white 20-ft. arch cord, balloon rings, 1 ZIP high-speed inflator, and 2 topper caps. Zephyr recommends 128 11-inch latex balloons. Balloons not included. Two columns can also be made with this kit. Picture shown is example only.	*Discounted pricing for orders of 24 or more.*

air pumps & inflator replacement parts

Call Zephyr **877.275.9374**

Zephyr supplies extra and replacement extension tips and chargers for the entire line of electric inflators.

SKU	IMAGE	DESCRIPTION	QTY
BHP		**Balloon Hand Pumps** Zephyr's Balloon Hand Pumps feature a dual-action airflow that inflates balloons with far less effort than a traditional hand pump. These pumps are 12 inches long and come in red, blue, or green. Zephyr Balloon Hand Pumps are sold by the case, with each of the 72 pumps per case individually packaged in poly bags with hanging header cards. Picture shown is an example only.	*Discounted pricing for orders of 11 cases or more.*
TIP-Z60		**Replacement tips for Z-60 Twister Balloon Inflator** Small and large	*Discounted pricing for orders of 24 or more.*
EXT-T		**Replacement extension tips for Zoom & Zip! Inflators** Comes in set of 2	*Discounted pricing for orders of 25 or more.*

Z-ZOOM-UK		**Replacement charger for Zoom! Dual Inflator** 220 Volt AC/DC charger	*Discounted pricing for orders of 24 or more.*
Z-ZIP-UK		**Replacement charger for Zip! Electric Inflator** 220 Volt AC/DC charger	*Discounted pricing for orders of 24 or more.*

Clik-Clik system

Call Zephyr **877.275.9374**

Zephyr carries the full line of products from the Clik-Clik merchandising and display system.

SKU	IMAGE	DESCRIPTION	QTY
MMS		**MagMover** The Single MagMover allows a ClikMagnet to be placed so displays can be suspended from walls and ceilings. It is ideal for items requiring only a single suspension point like an air-filled foil balloon that rotates with room air currents. When it's time to remove the item, the MagMover take-down corkscrew hooks the magnet ring and brings it safely down. The MagMover can screw onto a MagPole or most other threaded poles, such as a broom handle or painting extension pole.	*Discounted pricing for orders of 25 or more.*
MMD		**Dual MagMover** The Dual MagMover allows ClikMagnets to be placed on the posts so displays can be suspended from walls as well as ceilings! The Dual MagMover holds up to two ClikMagnets at a time, so it's designed for items requiring two or fewer suspension points. It's perfect for hanging most signs, art work, POP displays, retail merchandise and balloon sculptures. The MagMover can screw onto a MagPole or most other threaded poles, such as a broom handle or painting extension pole.	*Discounted pricing for orders of 25 or more.*
MMX		**Multi MagMover** The Multi MagMover holds up to six ClikMagnets at a time and will suspend items requiring multiple suspension points. Ideal for hanging large signs, long banners and retail displays, chain lights, tinsel garland, tulle swags, fabric bunting, air-filled balloon garlands and more. The Multi MagMover also features a simple take-down hook.	*Discounted pricing for orders of 25 or more.*
MP-1		**MagPole** Designed specifically for the display industry, the versatile MagPole features 5 telescoping sections. The additional sections allow it to be both shorter (only 5-ft. 3-in.), for eye-level loading and ease in transportation, and longer (a remarkable 18-ft.) to reach tall display ceilings with ease. Each section quickly locks in place for added speed and security and there is no twisting required. The MagPole features a standard threaded top to support a MagMover.	*Discounted pricing for orders of 25 or more.*
MPX		**MagPole Extender** The 4-ft. MagPole Extender has an external thread on one end and an internal thread on the other. Add it to your MagPole to increase the length of your pole to an incredible 22 feet.	*Discounted pricing for orders of 25 or more.*

Clik-Clik system & decorator tools

Call Zephyr **877.275.9374**

Zephyr carries the full line of products from the Clik-Clik merchandising and display system.

SKU	IMAGE	DESCRIPTION	QTY
RCM		**Regular ClikMagnets** ClikMagnets are the heart of the Clik-Clik system. They are small powerful magnets with rings that "Clik" onto the ceiling. Their plastic coating prevents ceiling scratches, while the balanced center ring allows both maximum pull on the magnet and proper placement on a MagMover for easy installation and removal. Regular ClikMagnets will hold up to 5 lbs. and are suitable for hanging a wide variety of mid-weight signs, products and decorations. Sold 20/bag.	*Discounted pricing for orders of 25 or more.*
SCM		**Super ClikMagnets** Super ClikMagnets are extra strong magnets supporting up to 10 lbs. each. Designed for hanging signs, fabric and larger items, they now feature double rings. The upper ring fits securely on the MagMover post. The larger bottom ring allows thicker tether lines to be used, and makes removal from the ceiling easier. Sold 10/bag.	*Discounted pricing for orders of 25 or more.*
LLW **LLB**		**Loop Line** This strong, 25-lb-test reusable Loop Line has loops measured out every 2 inches to make suspension a breeze. Signs hang level every time and there are never any knots to tie! Available in WHITE (LLW) or BLACK (LLB). Please note: The white line ships on a 328-ft. continuous roll. The black line ships on a 492-foot continuous roll.	*Discounted pricing for orders of 25 or more.*
MMF		**Marked Monofilament Line** This is a 56-lb.-test monofilament line that is sold in 500-ft. spools. Comes with 500 marks spaced 11 inches apart, making this line perfect for "string of pearl" arches or uniform dance floor canopies.	*Discounted pricing for orders of 25 or more.*

merchandising, decorator tools, & weights

Call Zephyr **877.275.9374**

Zephyr provides a full line of tools and equipment for store merchandising, decoration, and display.

SKU	IMAGE	DESCRIPTION	QTY
SB-19		**Balloon Sizer Box** Zephyr's Balloon Sizer Boxes are lightweight, durable, and collapsible for easy storage or transport. Each hole on the box is labeled to take the guesswork out of your balloon sizing, allowing you to create professional, consistent balloon arches, columns, and decor. This sizer box has 19 holes of varying sizes, ranging from 2.5 inches up to 10 inches. A carrying tote bag is included.	*Discounted pricing for orders of 25 or more.*
BC6 BC9		**6-ft./9-ft. Balloon Corrals** This ultra lightweight, collapsible round corral is the perfect portable ceiling for your in-store display or as a temporary work station. Feet, zippered carrying case, and a pair of twist-and-clip ceiling hooks are included. The 6-ft. model has a 24-in. skirt and weighs approximately 3 pounds. The 9-ft. model has a 24-in. skirt and weighs approximately 3 pounds.	*Discounted pricing for orders of 25 or more.*
CC-COLOR		**53" Cylinder Covers (Multiple Colors Available)** Dress up your beat-up helium cylinders for a vibrant display, event, or formal affair. Our 53-in. Cylinder Covers fit the large 290 cubic-ft. helium tanks. Made of a washable cotton/nylon, these covers are available in WHITE (CC-W), RED (CC-R), BLACK (CC-B), ROYAL BLUE (CC-RB), ORANGE (CC-O), YELLOW (CC-Y), LIGHT GREEN (CC-LG), HUNTER GREEN (CC-HG), PURPLE (CC-P), and BROWN (CC-BR).	*Discounted pricing for orders of 20 or more.*
BCB		**Balloon Centerpiece Base (Multiple Colors Available)** These 6-inch tall centerpiece weights for helium balloons are available in black, gold, silver, red, fuchsia, lime, blue, pink, orange, and purple. Sold in cases of 12 per color. Each individual balloon weight weighs 6.4 ounces.	*Discounted pricing for orders of 20 or more.*
BWB		**Balloon Wrist Bands** Zephyr's Balloon Wrist Bands mean no more children crying over accidental fly aways. Available in red, deep purple, blue, white, and yellow. Each Balloon Wrist Band weighs 8 grams. These are sold in cases of 500 (25 bands per bag, 20 bags). Picture shown is an example only.	*Discounted pricing for orders of 20 or more.*
